Qurbani 2014

11th Annual TMF Qurbani Drive

Education plays a vital role in human capital formation. It raises the productivity and efficiency of individuals and thus produces skilled manpower that is capable of leading the economy towards the path of sustainable economic development. Unfortunately, in Pakistan, the low enrolment rates at the primary level, wide disparities between regions and gender, lack of trained teachers, deficiency of proper training materials and poor physical infrastructure of schools indicate the poor performance of the sector.

Established in 1987, Tameer-e-Millat Foundation (TMF) is committed to provide education through establishing community primary schools, model schools, vocational training centers, technical institutes, literacy centers, teachers' training institutes, culminating into premier higher educational institutions with the objective to develop the human resource in and from the marginalized communities of the country. Currently, TMF is running over 235 educational institutions, educating 19,577 students and serving 700 communities in 25 districts of the country.

We request you to please support us in our humble efforts this year so that we may continue this tradition

Celebrating Eid-ul-Adha

Eid-ul Adha means "The Festival of Sacrifice." It starts on 10th Dhul Hajj, and lasts for 3 days. Muslims who can afford to sacrifice domestic animals (usually goat, sheep, cattle or camel) do so, as a symbol of Prophet Ibrahim (AS)'s ultimate sacrifice as mentioned in the Quran (Surah Saffat, verses 102-108); this sacrifice is called "Qurbani." The meat is equally distributed amongst themselves, their neighbors and relatives, and the poor and hungry. Since 2005, TMF has been arranging Qurbani on your behalf and donating the meat and skins to the orphans and deserving students studying in Tameer-e-Jannat Science School, a complete educational and residential facility at TM City of Education, Fateh Jang, District Attock. Every year, TMF has continued its efforts and sponsored the children of the 2005 earthquake hit regions, internally displaced children of KPK and the 2010-2011 flood affectees.
